FLEET AND VEHICLE GRAPHICS

CDL Box-Truck Fleet Graphics

Full-scale commercial graphics applied across the side and rear surfaces of a CDL box truck.

PROJECT DOCUMENTATION

Prepared by VC Image Group from supplied project imagery and confirmed information

Project Overview

This project documents a commercial box-truck graphics installation designed to carry a consistent brand presentation across a large mobile surface. The supplied photography shows side-panel coverage, rear visibility, and installation work in progress.

Documented Scope

- Large vehicle surface preparation and layout review
- Placement of graphics across the box body
- Alignment across long horizontal surfaces
- Edge finishing and visible-surface inspection

Execution Notes

The installation was organized around the scale of the box body and the need to maintain consistent graphic placement across the vehicle. Project images show completed side and rear views as well as hands-on installation work.

Documented Result

A completed commercial vehicle with clear, continuous fleet branding across the primary viewing surfaces.

Project Record

Project type	Commercial box-truck graphics
Service	Fleet graphics installation
Asset	CDL box truck
Documented views	Side, rear, and installation
Unconfirmed	Client, material, date, and turnaround
